

New Soft Coal Strike Looms; Possibility Of Stern Action

Washington, Nov. 16 (AP) — The administration, in a toe to toe showdown fight with defiant John L. Lewis, sought grimly today to hold 400,000 soft coal miners to a government contract the attorney general says is binding.

No official was telling just what will be done if Lewis persists in his contention that he can and will terminate the contract next Wednesday midnight, halting production in the 3,300 government-operated mines.

But there was talk that for a starter Secretary of the Interior Krug may take to the radio, tell the miners their chief's maneuver has no legal justification and ask them to keep on mining coal.

**Prosecution Or Legislation**

Although represented as determined not to put Lewis in the role of "martyr" those concerned with the fuel crisis spoke of:

(1) Possible action under the Smith-Connally act, which provides a year in prison and a \$5,000 fine for inciting a strike against the government.

(2) A special session of the lame duck Congress to enact new laws forbidding strikes in so vital an industry as coal mining.

The Lewis position, however, is that there simply will be no valid contract in existence after the termination time he has set—and the United Mine Workers do not work without a contract.

**Head On Clash**

Here he clashes head-on with Attorney General Clark, who advised Secretary of the Interior Krug yesterday the contract is binding for as long as the government runs the mines.

Underscoring the gravity of the situation, the solid fuels administration said the nation has only a 37-day supply of fuel on hand, compared with the 42-day stock just before last spring's crippling two-month waitout.

A proposal by Krug that Lewis negotiate with the mine operators for 60 days for a contract under which the diggings could go back to private operation, meanwhile keeping the miners on their jobs, fell on deaf ears.

JOHN W. HESS, EX-POLICEMAN, DIES SUDDENLY

John W. Hess, 88, former Gettysburg borough policeman who remembered events connected with the battle of Gettysburg and heard President Lincoln speak here nearly 83 years ago, died at 12:25 o'clock this morning of a heart attack at the home of his son-in-law and daughter, Mr. and Mrs. Luther E. Shryock, 224 York street.

Mr. Hess had been in his usual health Friday and had retired about 10 o'clock. An hour and a half later his daughter noticed he was ill and a physician was called but Mr. Hess died within an hour.

He was a native of Carroll county, Maryland, and was a son of the late Abraham and Mary Ann (Fream) Hess. He had lived in Adams county for the last 52 years. He had been a farmer and a huckster and for two separate periods about 40 years ago served for a time on the town police force. He also had worked as a brick burner at the former Gettysburg brickyard.

**Services Tuesday**

He remembered having walked to Gettysburg from Harney, Maryland, to hear President Lincoln speak. He also had recollections of troops passing the Hess home in Carroll county at the time of the battle. He was present at funeral services held for Private Sandoe, first soldier killed in the battle here.

His wife, the former Emma C. Shoemaker, died in 1923. Mr. Hess was a member of St. James Lutheran church here.

Surviving are three children: Mrs. Harry Dougherty, Gettysburg; Mrs. Jesse Hallock, Harrisburg, and Mrs. Shryock, at whose home he died; five grandchildren and four great grandchildren.

Funeral services Tuesday morning at 10 o'clock from the Bender funeral home with his pastor, the Rev. Dr. Ralph R. Gresh, officiating. Friends may call at the funeral home Monday evening after 7 o'clock. Interment in Evergreen cemetery.

**Hospital Report**

Lloyd Fitz, Taneytown, who was injured in an accident involving a tractor, was admitted to the Warner hospital this morning.

Other admissions included Gerald A. Deatrick, East Railroad street; Mrs. Donald Tracey, Taneytown; Teddy Bortner, Littlestown R. 2; Mrs. Solomon Weaver, East Berlin R. 1; Mrs. Lawrence Heltzel, Gettysburg R. 3; and Charles Fitzwater, Gettysburg R. 2. Those discharged were Pius Small, New Oxford; Harry Kuykendall, 55 Chambersburg street; Mrs. Paul Miller, 31 West Water street, and Mrs. Jacob Yingling, 229 South Washington street.

**LIBRARY BEGINS DOOR-TO-DOOR EFFORT MONDAY**

A total of 400 members has been secured by the Adams County Free Library so far during the current membership drive, Miss Kathryn Oller, librarian, announced today. At the same time it was announced a house-to-house canvass to secure new and renewal memberships will begin next week.

During the last week 108 adult members, 29 junior memberships, seven group memberships and one life membership were secured by the library.

The new life member is the Littlestown Fraternal Order of Eagles. Group memberships included Britcher and Bender, the Business and Professional Women's club, the DAR, Gettysburg college library, Harris Brothers department store, Hennig's bakery, John C. Lower company, Mt. Joy Sunday school and Trinity Evangelical Reformed Sunday school all of Gettysburg.

The Biglerville National bank and the Book Shop, of Biglerville; Keystone cabinet company, Littlestown Hardware and Foundry, Inc., Lions club, Melvin J. Sheffer estate and the Star Bible class of St. Paul's Lutheran church, all of Littlestown. The Farmers' and Merchants' bank of New Oxford has also become a group member.

While the membership drive continued, the library also continued to receive gifts from various organizations. A \$25 contribution from the Menallen township school district was noted and six schools were listed as making contributions to the bookmobile fund. Two of the schools, Center school, Union township, of which Clayton F. Palmer is teacher and Mt. Pleasant school, Germany township, with Mrs. Nellie Held as teacher, were listed as 100 per cent schools. The other schools contributing were the two Churches, New Chester, Oak Grove in Germany township, and Arendtsville grammar.

To Hold Luncheon Here Wednesday

Organization of a county unit of the National Conference of Christians and Jews may be effected as a result of a luncheon at the Shetter house Wednesday noon, Dr. Norman Richardson, who is arranging the meeting, said today.

A number of local residents have been contacted to attend the luncheon session at which Wallace L. Gallup, regional executive of the national conference, will be the speaker.

**SEMINARY GIVES DEGREES TO 11 AT GRADUATION**

"One of the greatly encouraging scenes in the life of the world today is the number of young men who are following in the life of the church," Dr. Paul Russel Clouser, pastor of the Middletown Lutheran church, told eleven seminary graduates at exercises in the Church of the Abiding Presence Friday night. More than 200 persons attended the commencement.

"Those of us who have been in the field know its difficulties and its heartaches, but we also know that the ministry affords the deepest joys and greatest satisfactions," Dr. Clouser continued. "We who are in the ministry welcome you with all our hearts and bid you God-speed on the mission in which you are bound."

"We speak of Christ as prophet, priest and king, but still the faithful feel him closer to their hearts and homes when they say 'The Lord is My Shepherd.'"

"Must Be No Failure Here"

"Jesus said unto his disciples that the time had arrived when they must become shepherds. They had arrived at a transition from pupils to the self-governed, to leadership in the Christian community."

"They were to go forth as good"

**'BUNDLE DAY' IN ADAMS SCHOOLS ON NOVEMBER 22**

A "Bundle Day" for collection of serviceable used clothing will be conducted in the schools of Adams county on November 22. County School Superintendent J. Floyd Slaybaugh announced today. The clothing will be distributed by "Save the Children" federation in its program to help children in disadvantaged rural districts of southern and southwestern United States and in five European countries.

The drive is part of the 1946 National Children's Clothing Crusade, sponsored by a national committee of 44 school superintendents to raise one million pounds of wearable clothing during 1946. During the fourth crusade last year, 839,931 pounds of clothing raised in 630 school bundle days in 43 states.

W. Howard Pillsbury, chairman of the National Advisory Committee of School Superintendents, in a letter to Superintendent Slaybaugh declared: "In America, a larger quantity of clothing is required than ever before to meet child needs in areas served by Save the Children Federation. In the section in Europe where the SCF operates, practically every country faces an appalling lack of clothing."

**Will Make School Possible**

Ten million child war-victims in Europe cannot go to school because they do not have proper clothing, it was reported at a meeting of school superintendents in New York city inaugurating the 1946 Crusade.

Clothing collected by the Federation also is distributed in needy rural areas of Virginia, West Virginia, Kentucky, Tennessee, Missouri, Texas and Arizona. Many of these children come from families with cash incomes of less than \$400 a year. If it were not for the Bundle Day collections, these children would not be able to attend school during cold weather because they cannot afford proper clothing.

**Ask Clean, Usable Clothing**

Superintendent Slaybaugh said that wearable clothing of all types, in both baby's, children's and adult sizes; blankets, sheets, and other bedding, and pairs of outgrown shoes are needed this year.

He asked that clothing contributed should be clean and tears or weak spots mended if possible. "The Federation does not ship clothing requiring repairs to Europe. Most families there have no spare pieces of cloth for patches, and no needles or thread to attach patches or sew up rips. The children must wear the clothes just as they get them."

Prompt shipment of needed clothing is emphasized by the federation. Clothing sent overseas by the federation last year totaled 214,000 pounds. Shipments to Europe this year will go to children in France, Holland, Belgium, Norway and Sweden.

Red Cross Chapter Has Complete Disaster Relief Organization Ready To Act

If disaster strikes in Adams county, the county chapter of the Red Cross will be ready.

A complete Disaster Preparedness and Relief committee which involves the services of many hundreds of Adams countians has been set up, supplied with full instructions and assigned well-organized duties.

A 41-page booklet setting forth the complete Disaster Preparedness setup has been prepared at the county chapter office of the Red Cross and is being distributed to key points and to Red Cross workers throughout the county. The booklet was prepared by staff assistants working with Mrs. Earl J. Bowen, volunteer special services chairman.

**County-Wide Organization**

The Disaster Preparedness committee is headed by Glenn L. Bream of Gettysburg with Arthur R. Buehler, also of Gettysburg, as the vice chairman. Ten committees will serve under the direction of those men in a huge emergency staff that reaches into every county community.

The instructions and assignment of duties—in event disaster strikes here in the form of flood, fire, wind-storm, disease or any other type of calamity—range in detail from directions on immediate steps to be taken when disaster strikes to menus and recipes for feeding disaster victims in groups of 100.

**10 Sub-committees**

The 10 sub-committees which work under the general supervision of Mrs. LeRoy H. Winebrenner, chapter chairman, and under the direct control of Chairman Bream follow:

Survey—LeRoy H. Winebrenner, Rescue—Dr. Walter S. Mountain, Gettysburg.

Medical and nursing aid—Dr. Bruce N. Wolff, Gettysburg, Shelter—Mrs. George F. Eberhart, Gettysburg.

Food—Mrs. John Kaltreider, Gettysburg.

Clothing—Mrs. Richard A. Brown, Gettysburg.

Transportation and communication—C. W. Finley, Gettysburg.

Registration and information—Mrs. Earl Bowen, Gettysburg.

Central purchase and supply—George A. Bender, Gettysburg.

Fund raising and information—Paul L. Roy, Gettysburg.

**Possible Hazards Here**

Disaster headquarters will be the county chapter office at 141 Baltimore street. The alternate headquarters will be the fire house on East Middle street.

MISS OLLER TO ADDRESS CLUB

The Woman's Community club of Littlestown and vicinity will hold its November meeting Wednesday evening at 7:45 o'clock in the POS of A building. The speaker will be Miss Kathryn Oller, Adams county librarian. The theme of the meeting will be "Book Reviews" and there will be special music. The program committee will consist of Mrs. Emma H. Mehring, Mrs. Donald B. Coover, Mrs. Edward Brown, Mrs. Clarence Lawyer, and Mrs. Harry J. Irvin. The Hostess committee will be composed of Mrs. Edgar Orndorff, Miss Louise Duttera, Mrs. Alvin Groff, Mrs. Claude Snyder, Mrs. Samuel Highbottom, and Mrs. Harry T. Harner.

The Ever-ready Sunday school class of St. John's Lutheran church, taught by Mrs. K. D. James, held its monthly meeting Tuesday evening at the home of Mrs. Theron Bair, near town. The meeting was opened with the singing of a hymn, followed by scripture reading by Mrs. Bair, and the following program: Prayer, Mrs. James; hymn; readings, Mrs. Albert Starnier and Mrs. Frank Zepp; secretary's report, Mrs. Percy Grove; closing prayer, "The Lord's Prayer." Games were played, and prizes awarded to Mrs. Albert Starnier and Mrs. Fred Leister. Refreshments were served by the hostess. The next meeting will be in the form of a Christmas party in the social hall of the church.

Dr. Richard M. Phreaner, William H. Renner, Karl P. Bankert, Walter B. Crouse, Melvin B. Wehler, and Robert L. Crouse will spend next week, hunting bear in Potter county.

Ask Members For Band Uniforms

Members of the Blue and Gray band who will not be able to play in the parade and cemetery services to be held here November 19 by the Lincoln Fellowship were reminded today to turn their uniforms in to William I. Shields, 153 North Washington street, chairman of the band committee, so that those who do not have uniforms and who wish to play can do so.

The organization has 60 members and about 45 uniforms, with the result that those unable to play can aid greatly in permitting others to use their uniforms, Shields said. The uniforms should be turned in to Chairman Shields prior to Monday.

**THANK OFFERING SERVICE SUNDAY**

The annual Thank Offering service, sponsored by the Women's Missionary society, the Women's Missionary guild, and the Virginia Bowers Missionary society, will be held at St. James Lutheran church Sunday evening at 7 o'clock.

The speaker of the evening will be Dr. Luther A. Gotwald, who has for a number of years served as a missionary in India, and is now assisting the Board of Foreign Missions at the New York headquarters. (Please turn to Page 2)

URGENT NEED OF ENLARGEMENT AT HOSPITAL CITED

The urgently needed enlargement of the Warner hospital presented itself at almost every turn at the regular November meeting of the board of directors Friday evening.

First the superintendent's report for October revealed 258 admissions during the month and an average of 60 patients per day in the hospital. The report indicated that all previous hospital records were broken in every department. There were 70 births during the month; 45 accident cases; 1,148 laboratory examinations and unprecendented activity in the surgical and X-ray departments. From the standpoint of income, October was among the highest months in the history of the institution while expenditures topped by far not only all previous records, but also the high rate of income.

The board was then addressed by Dr. Bruce N. Wolff and Dr. Roy W. Gifford, of the hospital medical staff, who outlined the new requirements of the American College of Surgeons for Class A hospitals. The doctors warned that the facilities of the local institution must be enlarged and expanded if the hospital is to maintain the "A" rating that it has held since its opening in 1919.

**New Equipment Arriving**

"There have been great developments in medical science and required standards are going to be much higher than heretofore. Like all other hospitals, Adams county's hospital must provide the new departments, the larger service areas, the new equipment and all the other new features that are future necessities if we wish first class rating," the medical staff officers declared.

The board had presented to them blueprint sketches of the proposed changes in the present building and the addition to the present building that is needed to house the deep therapy X-ray department, the equipment for which was bought by the Gettysburg Elks a year ago at a cost of \$10,000. First shipments of

**TOWN AND RURAL CHURCH PARLEY HERE THURSDAY**

The fourth in a series of Rural Life conferences being held throughout Pennsylvania by the town and country department of the Pennsylvania Council of Churches will be conducted Thursday from 10 o'clock in the morning to 4 in the afternoon at the Gettysburg Lutheran Theological seminary.

Dr. Harvey D. Hoover, of the seminary staff and head of the town and country department of the state Council of Churches, is in charge of the series of five conferences scheduled for this month.

**Open To Ministers, Laymen**

Prof. W. R. Gordon of State College will speak on "The Time Has Come To Talk Change" while the Rev. Dr. Earl S. Rudisill, Philadelphia, specialist in adult education, will speak on "How to Get The Best Out of Home Life."

The Rev. Leroy Howes, Town City, Pa., representing the town and country church of the Convention of the Federal Council of Churches, will be another speaker as will the Rev. Dr. Ralph D. Heim, who will speak on "The Use of Visual Education in Rural Churches."

The conferences are open to all ministers and laymen and women of all denominations who are interested in country life, Doctor Hoover said.

First in the series of conferences was one held at Spiesville, November 8. The others will be held at the Evangelical seminary, Reading, Tuesday; Susquehanna University, Selmsgrove, Wednesday and the Evangelical and Reformed Seminary, Lancaster, Friday.

**ISSUE ESTATE LETTERS**

Letters of administration on the estate of Arishia G. Rice, Biglerville, who died October 28, have been issued at the court house to a daughter, Pearl R. Raffensperger. Two other daughters, Eva B. Thomas, Harrisburg and Nellie R. Ernst, Washington, D. C., also survive.

**BIRTH ANNOUNCEMENTS**

Mr. and Mrs. Donald Tracey, Taneytown, announce the birth of a daughter at the Warner hospital this morning.

A son was born Friday evening at the hospital to Mr. and Mrs. Lawrence Heltzel, Gettysburg R. 3.

**CHORUS TO REHEARSE**

The Gettysburg Businessmen's chorus will meet Sunday evening at 8:30 o'clock at Trinity Evangelical and Reformed church for a rehearsal under the direction of Prof. Richard B. Shade.

Hanover Hospital Elects Dr. Boyer

At a meeting of the directors of the Hanover hospital Thursday night, with the president, R. Harper Sheppard, in the chair, Manager J. P. Rebert reported that the services had been secured of Dr. J. L. Boyer for the X-ray department. He will succeed Dr. Louis R. Wiley who had resigned as of November 1. A new technician, Miss Jeanne White, joined the staff the middle of October to assist Doctor Boyer.

Doctor Boyer, who resides near Arendtsville, took a three-year course in radiology at the medical school of the University of Pennsylvania and was assistant to Dr. Eugene Pendergraft, famous head of the radiology department and also worked on radiology in the University hospital.

Doctor Boyer also is radiologist at the Warner hospital here.

**PRESBYTERIAN CHURCH TO NOTE LINCOLN EVENT**

Special anniversary exercises will be conducted in the Presbyterian church here Tuesday evening as the climax to the day's observance of the 83rd anniversary of the delivery of Lincoln's Gettysburg address at the dedication of the National cemetery here.

On the evening of the anniversary day in November, 1863, President Lincoln attended a patriotic service in the Presbyterian church in company with the citizen hero of the battle, John Burns. It is that service that will be commemorated at the exercises here at 7 o'clock Tuesday evening.

John White Johnston, Syracuse, New York, student of Lincoln and the battle of Gettysburg, will be the speaker. It was Mr. Johnston, who a number of years ago placed bronze tablets in the Presbyterian church marking the seat occupied by President Lincoln during the program there.

**Left Service Early**

There will be special music by the Businessmen's chorus under the direction of Professor Shade.

The exercises are open to the public and special invitations are being extended to the members of the Lincoln Fellowship of Pennsylvania and to the Adams County Historical society to attend.

Accounts of the events of November 19, 1863, following the ceremony at the cemetery state that Mr. Lincoln and John Burns walked arm in arm up Baltimore street to the Presbyterian church to attend the program at which the governor of Ohio was a speaker. As the story goes, Mr. Lincoln had to leave the service before it was completed to board the special train returning him to the nation's capital.

The pew in the church, which has been designated as the "Lincoln pew," is marked by a small American flag and the Johnston tablets.

**CAPT. FISHER RECIPIENT OF BRONZE STAR**

Capt. Luther Irvin Fisher, Medical Corps, USNR, husband of Mrs. Ruth Bender Fisher of 208 Baltimore street, has been awarded the Bronze Star Medal by the Secretary of the Navy, James Forrestal, for the President.

Capt. Fisher received the award for skilled and tireless performance of duty as regimental surgeon attached to the Third Marine Division, during operations against the enemy Japanese on Bougainville, Solomon Islands.

Text of the citation is as follows: "For meritorious service as regimental surgeon attached to the Third Marine Division, during operations against the enemy Japanese on Bougainville, Solomon Islands, from November 1 to December 25, 1943. Skilled and tireless in the performance of duty, Captain Fisher, by his superior ability in the handling of medical problems and his courageous perseverance in spite of extreme fatigue and the constant danger of enemy attack, trained and directed the regiment's medical personnel with outstanding ability and efficiency, contributing materially to the success of his personnel in holding the endemic diseases in check and in materially to the success of his personnel in the officers and men in sufficiently fit physical condition to carry out their combat duties. His professional skill and gallant concern for the welfare of his fellow-man reflect the highest credit upon Captain Fisher and the United States Naval Service."

**Weather Forecast**

Cloudy and warmer tonight; Sunday mostly cloudy and mild with occasional rain.

BURKE IS GIVEN 18 MONTHS FOR COUNTY FRAUDS

Mathew Burke, Philadelphia, was sentenced to 18 months in the county jail by the Adams county court this morning on three charges of cheating by false pretense. In each case he was sentenced to six months with the sentences running consecutively. He was also ordered to pay the costs in each case and to make restitution to the three county women he was accused of victimizing by selling them linoleum and giving them much less than the amounts they paid for.

Testimony of Corporal Joseph L. Pochyba, the state policeman who made the arrest, disclosed that Burke over the past 20 years has served sentences in various parts of the country on charges of larceny, handling counterfeit notes and pandering. Pochyba told the court that in addition to victimizing Mrs. Rose Hartman, Franklin township; Mrs. Catherine Nett, Highland township, and Mrs. Ollie Walter, Cumberland township, he apparently also victimized Mrs. Joanne Baughman, Littlestown. No charges, however, he said, had been brought on the alleged Baughman cheating.

**Goes To Workhouse**

The court said it would arrange for transfer of Burke to the Allegheny workhouse to serve out his sentence there.

Mrs. Catherine Shultz, Railroad street, who appeared before the court on an adultery charge, was sentenced to six months in the county jail and ordered to pay the costs.

Maurice Hildebride, Railroad street, who was brought before the court on a serious charge in connection with the charge against Mrs. Shultz, was sentenced to pay a fine of \$100 and costs. The court told Hildebride that it was sorry it could not impose a greater sentence, that

**HALLOWEEN, FARMERS' DAY FETE PLANNED**

A combined Farmers' Day and Halloween celebration was forecast for 1947 by the Gettysburg Halloween committee at a meeting Friday evening in the Gettysburg Chamber of Commerce office.

Meeting to complete the payment of bills and similar work in connection with this year's Halloween, the committee then went on to make tentative plans for joining with the Chamber of Commerce in making next year's resumption of the annual Farmers' Day one of the biggest events ever held in the community.

While all plans were necessarily indefinite and tentative the committee set as goals for next year:

An all-day Farmers' Day with the committee cooperating with the Chamber of Commerce to sponsor a harvest festival including contests and displays of every type of farm production.

A Halloween parade that night with more prizes offered than this year, with more bands and with the committee making a county-wide drive for at least two months previous to the date in order to secure as many floats and participants as possible.

**Big Farm Display**

The parade proceeding throughout the town and ending, if possible, at

**VACANCIES AT ACADEMY OPEN**

Congressman Chester H. Gross of the York-Adams-Franklin district, today issued a call for applicants interested in appointment to the U. S. Military Academy at West Point in 1947.

Candidates other than veterans of World War II are eligible for admission from the day they are 17 (or 19 if from the Army of the United States) until the day they become 22 years of age. Applicants are urged to advise Congressman Gross in writing at his Washington office of their interest in the appointment. They will be provided with application blanks and a catalog of information on requirements for admission to West Point.

Any bona fide male resident of the 21st Congressional District, within the legal age prescribed by the academy, single and with an education equivalent to or better than a senior in high school will be given consideration for the appointment, the Congressman said.

Congressman Gross fixed a time limit on the filing of applications, stating that no application received after November 30, 1946 will be considered.

# JOHN BULL HAS OWN TROUBLES WITH RADICALS

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)

The campaign of left-wingers in the British House of Commons to force the Socialist government to disassociate its foreign policy from that of the United States, so as to avoid what they describe as an "inevitable conflict" between Russia and America, gives interesting emphasis to the metamorphosis which John Bull's empire is undergoing.

This rebellion apparently received a fillip from the announcement in the King's speech from the throne at the opening of Parliament last Tuesday that conscription for the armed forces would be continued—this being the first peace-time military conscription in Britain's history. Prime Minister Attlee gave point to this in his statement that developments of modern weapons made England especially vulnerable to attack. He said the country was now a part of the European Continent and "we must have trained reserves who can take their part straight away without waiting six months for training."

That's plain talk. It means that as things now stand there is danger Europe may be heading into another war. Further conflict isn't inevitable, but it's a possibility. Mr. Attlee is playing the part of a wise man in seeing that his country is prepared for contingencies.

Attlee is too well informed to agree with the amazing statement by one Socialist member of Parliament that the United States was the only nation in the world where some "ordinary people wanted war," and that America was inflamed with "war fever." Just in passing one might remark that this sounds very much like the language we have been hearing from another great European capital recently.

So far as John Bull is concerned, his position is such that it's good to have a friend—meaning America—but his policy of preparedness and his foreign relations aren't inspired by any "war fever" in the United States. His policies arise from two pressing personal situations: (1) The post-war realignment of the European spheres of influence has created a definite threat to peace; (2) the British Empire itself is undergoing a mighty change which involves an alteration in political relationships and an upheaval in its global defenses.

No, it isn't America's "war fever" that impels John Bull to keep his powder dry. He has troubles of his own and finds it very comforting to be on close terms with Uncle Sam.

# SEMINARY GIVES

(Continued from Page 1)

shepherds, and their highest distinction was to be just faithful shepherds of the Lord Jesus. Two things stand out in Christ's command—'Lovest thou Me—Feed My flock.' Nothing less than supreme devotion was necessary to the task confronting them.

"We may fail or be weak in some points, but there must be no failure here. A person cannot be a shepherd of Jesus Christ if he cannot answer in the affirmative 'Lovest thou Me?'"

"The problem of government, reduced to its lowest common denominator, is a food problem. The problem of the church is food—spiritual food. All of the shepherd's devotion is focussed in one consuming passion, 'Feed My flock.' This must not be obscured by the complexities of this modern world. The danger to the church is that it take over the form of this age and become a mechanized organization.

"To adjust the life of the sheep to the life of a machine, to feed the sheep, is not a machine job. You can warn, rebuke, guide and fleece them, but you cannot do any of these things unless you feed them."

Dr. Abel Ross Wentz, president of the seminary conferred the degrees. The candidates were presented by Prof. Ralph Daniel Heim, and Dr. Mervin Roy Hamger was in charge of the licensure of candidates. Dr. Harvey Daniel Hoover was the liturgist.

# THANK OFFERING

(Continued from Page 1)

Assisting in the service will be several members of the missionary societies. They are: Miss Margaret Howard, Mrs. George Rightmyer, Miss Martha Purney, Mrs. R. R. Gresh, Mrs. Morris Fleagle, and Mrs. Luther McDonnell. The pastor, Dr. R. R. Gresh, will be in charge of the closing service.

Prof. Richard B. Shade has arranged for special music. Reginald Dunkinson will offer as a tenor solo, "He Cares for Me" by J. E. Roberts. The combined Junior, Junior high school, senior high school and senior choir will sing the anthem, "Jesus Calls Us," by William H. Jude, arranged by W. B. Olds.

At the 10:30 a. m. service on Sunday the Twenty-second Sunday after Trinity will be observed. A soprano solo, "One Sweetly Solemn Thought," by R. S. Ambrose, will be sung by Miss Barbara Klinefelter. The Senior high school choir will present the anthem, "Cherubim Song," by Dimitri Bortniansky. Doctor Gresh will preach on the theme, "The Practice of Forgiveness."

# Social Standards Upset By Divorces

Trenton, N. J., Nov. 16 (AP)—Conflicting state marriage and divorce laws threaten to undermine American social standards, William L. Beers of New Haven, Conn., warned yesterday at the closing session of a two-day pre-legislative conference of the council of state governments.

"States must take action soon on this problem if our form of American family is to continue," Beers, conference commissioner on uniform state laws, said.

"If the states do not act," he said, "We will eventually have a federal law governing marriages and divorces."

Two other speakers at the conference called for control of river pollution which they cited as a joint problem of the states and the federal government.

# BURKE IS GIVEN

(Continued from Page 1)

the fine was the maximum sentence allowed under law.

Robert McIntyre, West Middle street, who had pleaded guilty to a charge of assault and battery brought against him by Wilbur A. Geiselman, Baltimore street, was sentenced to 60 days in the county jail and ordered to pay the costs. The court told McIntyre that if the damages in the case are paid in 30 days, a parole will be considered. McIntyre, through his attorney, Daniel E. Teeter, had told the court that he is willing to pay medical and other expenses to Geiselman who suffered two broken ribs in the assault.

**Other Sentences**

John Rosensteel, Gettysburg R. 1, was sentenced to 30 days in the county jail and ordered to pay the costs on a charge of drunken driving. Dr. Ira Henderson, Fairfield, told the court that he had treated Rosensteel for more than 20 years and that he feared incarceration in the county jail would cause physical and mental injury to the defendant due to his condition. The court directed Dr. Henderson to examine Rosensteel from time to time while in jail and if the prison sentence seems to have an ill effect on his health a parole will be considered.

Norman D. Little, Gettysburg R. 5, charged with failure to stop at the scene of an accident, was ordered to pay \$100 for the use of the county and the costs in the case and was given a suspended sentence. Little told the court he had paid the damages to the other car involved and that he had not known the fenders of his car and the other car passing in the opposite direction had collided until he was stopped later by state police. He told the court he was listening to the World Series on the radio in his car and as a result had not heard the crash when the cars sideswiped.

**Six Months Sentence**

Orville A. Riffe, Fourth Street, was sentenced to six months in the county jail and ordered to pay the costs on a charge of public indecency. The court added that it would arrange for Riffe to be examined by a psychiatrist.

H. C. Taylor, Hellam R. 1, charged with drunken driving, was sentenced to 30 days in the county jail, and ordered to pay \$50 for the use of the county and the costs.

William Harris, Gettysburg, charged with resisting arrest, was given a suspended sentence upon payment of costs. Harris completed this week a previous 30 days sentence on another charge laid at the same time as the resisting arrest allegation.

**Alex March, Greeley, Colo.,** was sentenced to 30 days in the county jail, starting on November 10, date of arrest, on a drunken driving charge. He was also directed to pay \$50 to the use of the county and the costs.

**Hanoverian Sentenced**

George Howe, Hanover, was sentenced to 30 days in the county jail on a drunken driving charge, and ordered to pay the costs and \$100 for the use of the county.

Granville H. Adams, Bowmansdale, was sentenced to 30 days in the county jail on a charge of drunken driving and ordered to pay \$50 to the use of the county and the costs.

Sentence was suspended on a failure to stop at the scene of an accident charge against Edward Gastle, 54 West Railroad street, and the local man was placed on probation for a year. He was directed to pay \$150 for the use of the county and the costs.

**Suspends Sentence**

Fred Wagner, Buford avenue, was given a suspended sentence and placed on probation for one year on a public indecency charge. As part of the sentence he must return to the hospital for treatment.

Guy Sheely, Littlestown, was ordered to the Pennsylvania Industrial School near Camp Hill on a larceny charge. Sheely had been previously an inmate of the school.

Bond of Paul H. McClellan, a fireman, was ordered forfeited when he failed to appear on a serious charge.

Garland Heare, Menallen township, was ordered to appear before the court next Saturday on a charge of failure to support a child.

Loring R. Nail, Cashtown, was granted a divorce from Sarah E. Keckler Nail, Gettysburg. The charge was desertion.

# Will Extradite Murder Suspect

Harrisburg, Nov. 16 (AP)—Governor Martin ordered today the extradition from Philadelphia to Maryland of Marty Vicks, alias Marty Vitkov and Martin Parks, and Kennen Whitten Langham, to face charges of murder there.

The extradition warrant was issued at the request of the governor of Maryland. Martin's office said no hearing in the case had been requested.

# BULLETINS

London, Nov. 16 (AP)—The Moscow radio, quoting "Rome Journalistic circles," said today Pope Pius XII planned to name Yugoslav Archbishop Alojzije Stepinac a cardinal of the Roman Catholic church at a special Christmas consistory. Archbishop Stepinac, head of the Roman Catholic church in Yugoslavia, was convicted by a Yugoslav court last month of "crimes against the people" and was sentenced to 16 years at forced labor.

# STUDENTS WILL PRESENT PLAY

"Angel Street," an exciting melodrama by Patrick Hamilton, will be given by the Gettysburg college students the latter part of November, Dr. Richard A. Arms, director, has announced. If the gymnasium has been cleared, the production will be presented Wednesday evening, November 27, and Monday evening, December 2.

Louis V. Marsh and Jean Anne Miller will portray the main characters, Mr. and Mrs. Manningham. As a middle-aged man, Marsh takes the part of an authoritative yet mysterious character who, under the guise of kindness, is torturing his wife to insanity. Miss Miller, as his wife, fears that she, like her mother, is going crazy.

When an overbearing Detective Rough, played by Richard E. Snyder, enters the Manningham home and convinces Mrs. Manningham that her husband is a maniacal perpetrator of a 15-year-old murder and that he is attempting to dispose of her, the suspenseful game of exposing Mr. Manningham begins.

Help in unfolding the mystery is secured from Elizabeth, a stout, amiable woman of about 50, portrayed by Margery Enes, and Nancy, a charming, self-conscious girl of 19, played by Barbara Wolf. Under the name "Gaslight," this play was produced on Broadway, where it was a huge success, and later scored a hit in the screen adaptation starring Charles Boyer and Ingrid Bergman.

Top critics have acclaimed it as "the biggest dramatic hit of New York" and "a masterpiece of suspense!" From the New York Journal-American comes the statement, "The only clue I can give you is to see it."

the high school, where if the playing field can be secured, the judging would be held under the lights on the athletic field.

"A march of agricultural progress" immediately following the Halloween parade, with a display showing the various types of agricultural machinery employed by countians from the hand planting and wooden plows of the Revolutionary period to the modern combines of the present day.

Music and singing, including a block dance to be held in the town following the parade.

With all plans tentative and with the affair scheduled to be county-wide, the committee asked for suggestions between now and next summer of ideas for the event.

**Have Cash Balance**

Gettysburg or county residents who have suggestions for the Harvest festival and Halloween celebration were asked to contact either Chairman Paul E. Miller, by writing to his home on West Middle street, or to him in care of the Moose lodge here, or by contacting or writing Henry W. Garvin, secretary-treasurer of the committee at the Chamber of Commerce office here.

Expenses for the recent Halloween program totaled \$376.65, leaving a balance of \$81.85, the report of Treasurer Garvin showed.

Feeling that the community gave it the money to entertain the youth of the community as well as the kiddies and the older folks, the committee set up tentative plans to hold several dances during the coming year, between now and next Halloween.

It was definitely decided to hold several block dances next summer and final decision will be reached next week, if facilities can be obtained, on a proposal to hold a Thanksgiving evening dance.

"The young people of the community need such activities," members of the committee pointed out, "and not only the high school age youngsters, but young and old in the town enjoy a dance." Main drawback to wintertime dances is the lack of readily available facilities, the committee pointed out, while in summer weather the streets can be obtained for dances.

# CIO Acts To Curb Radical Activities

Atlantic City, N. J., Nov. 16 (AP)—The CIO has taken action to control any left wing activities in its state and city councils, and CIO leaders today faced next week's convention with less tension in the air.

1. They had assurance that at least one trouble spot was smoothed over and disposed of.

2. They were convinced that Philip Murray now intends to remain president despite rumors to the contrary.

Murray himself sponsored yesterday's action by the CIO executive board. New rules were adopted requiring the 286 city and state councils to "confine their activities and statements to issues of local and state concern and to matters of general policy that have been passed upon by the national CIO."

Murray said to reporters that "strangers" using "destructive propaganda" have often moved into these councils.

The group met yesterday and received a citation from United States Savings Bonds Division for the sale of savings bonds and stamps in the state's schools.

Mrs. A. J. Nicely, of Erie, announced that sales of bonds and stamps amounted to millions of dollars since the work was undertaken by the groups throughout the state.

# Middies Welcome President Truman

Annapolis, Nov. 16 (AP)—A 21-gun salute greeted President Truman today as he arrived on his yacht, the U.S.S. Williamsburg, to visit the United States Naval Academy.

On the President's schedule before witnessing the Navy-Penn State football game this afternoon were visits to classrooms and a luncheon talk to the midshipmen in their mess hall.

**NEW OXFORD LOSES**

The New Oxford high school soccer team dropped a 2-0 decision to Dover high at New Oxford Friday afternoon. The winners scored both of their goals in the second period.

Mrs. Russell Wetzel of near St. Anthony's spent Tuesday in Frederick.

Mrs. John Geisey and Mrs. Evangeline Edwards spent Wednesday in Baltimore. Mrs. Geisey spent Thursday in Frederick.

The board of directors of the Emmitsburg Lions club held a meeting on November 4 at the home of Charles A. Harner at 8 p. m. The meeting was called to order by President Charles A. Harner. A discussion was held in regards to a Christmas program. It was decided to hold turkey parties every Saturday evening at the firemen's hall for the purpose of raising funds for the fire company. The Lions voted to contribute \$10 to the Boy Scout campaign fund. George L. Wilhide, chairman of the Boy Scout solicitation committee, reported progress being made in the campaign fund. A date for the Charter Night celebration was set for December 3.

**Credit Controls Will Be Lifted**

Washington, Nov. 16 (AP)—The federal reserve board is ending, in time for the Christmas buying boom, all controls over consumer credit except installment purchases of autos, radios, furniture and nine other kinds of durable goods.

Effective December 1, the board eliminated requirements that charge accounts be settled in 70 days and single repayment loans in 90. For the first time in five years parties to these deals now may work out their own terms.

Restrictions also will no longer apply to time payments on durable goods involving credit of less than \$50 or more than \$2,000, the board announced last night.

On sums in between those limits, the board still will require a one-third down payment on automobiles, refrigerators, cooking stoves and ranges, washing machines, ironers, dishwashers, air conditioners, radios and phonographs, sewing machines and vacuum cleaners.

# BULLET JV 11 UNBEATEN; NIP DELAWARE 14-7

The Gettysburg college junior varsity football team wound up its four-game season with a perfect record Friday afternoon by coming from behind to defeat the previously unbeaten Delaware Jayvees 14-7 on the latter's field.

Delaware scored in the first period. The Bullets received the opening kickoff and after failing to gain were forced to punt. The Mud Hens scored quickly on a long pass and made good on the try for the extra point.

The Bullets capitalized on a poor Delaware punt to knot the score in the second period. After forcing the Hens deep into their own territory the Bullets gained possession of the pigskin on Delaware's 15 following a punt from the 5. A few plays later Bob Johnson plunged over on a short line stab. He booted the tying point on a placement.

A sustained drive early in the third period produced another Bullet tally, Dave Pitzer crashing through from the 5. Again Johnson converted.

Delaware had previously chalked up four successive victories including a triumph over the Temple Jayvees.

Coaches Bloomingdale and Shainline were well pleased with the performance of the entire team, the entire outfit putting up a fine exhibition.

## 22,000 Will See Navy-State Tilt

Annapolis, Md., Nov. 16 (AP)—Navy and Penn State met today for the 23rd time in their football series, with a capacity crowd of 22,000, including President Truman, expected to witness the game.

This is the Middle's final game before the Army classic in Philadelphia November 30, having dropped six in a row for the longest losing streak on record. Penn State, an offensive club in the country, has lost only to Michigan State in six years.

During three war years, Navy defeated the Lions, but both the opposing coaches, Tom Hamilton and Bob Higgins, viewed today's match as an even affair.

## Top Hockey Teams Meet Over Weekend

(By The Associated Press)  
The leader and runner-up in the eastern Division of the American Hockey league tangle tonight in one of five interesting contests down for decision.

The Hershey Bears, currently in the van by three points, entertain the New Haven Ramblers. Hershey has won nine, lost four and tied one, while the ramblers have seven wins, five losses and two ties on their slate.

In other games tonight, Providence visits last-place Philadelphia. St. Louis is at Pittsburgh, Buffalo at Cleveland and Indianapolis at Springfield. Indianapolis and Cleveland currently are tied for the leadership of the Western Division. Tomorrow night, four games are booked, with Pittsburgh invading Buffalo, Indianapolis traveling to New Haven, Hershey visiting Providence and Cleveland going to St. Louis.

New York, Nov. 16 (AP)—One of the largest fields in the history of the event lines up today for the 37th running of the Intercollegiate American Amateur Athletic Association (C-4A) cross-country race here today. More than 200 college runners are scheduled to compete over the five-mile Van Cortlandt Park course, starting at 11 a. m.

## Sports Roundup

By HUGH FULLERTON, Jr.  
New York, Nov. 16 (AP)—The pro footballers have discovered a big jump in the number of penalties in the National league this year and figure it is because every player is in there trying. . . . This season officials have called an average of 21.7 penalties per game and enforced 15.3 of them after the offended team had a chance to decline as compared to 12.6 enforced penalties in 1945 games. . . . "It's simple," explains one student of statistics. "It's a close race and there's competition on the teams so everybody is working hard on every play. You don't get penalized unless you do something." . . . Salvador Lutteroth, presumably the guy who is trying to get Joe Louis to fight in Mexico this winter (he monopolizes boxing there just like the Pasqueles monopolize baseball) also plans to take ice hockey south of the border. Lutteroth is due in New York soon to collect technical information—and maybe some boxing contracts.

### STEEL PLATO

In a recent big six football game, an opposing tackle slugged Oklahoma's big Plato Andros right on the chin. Plato didn't even blink and the other guy apologized for his hasty action. . . . "That's all right, Podner," Andros told him (in approved cowboy language), "that's the way to play football." . . . Later Plato explained: "That hurt him a lot more than if I'd coked a Sunday on him and it didn't cost us as many yards."

### ONE-MINUTE SPORTS PAGE

Sunset high school of Dallas is justly proud of having four boys on the Army grid squad, but Bulls Prep of Washington, D. C., can improve on that record. Four Bulls grads play for Navy, two for Army. . . . Dumb Dan Morgan claims that the reason for the shortage of good fights is too much money. "If you give a fighter \$1,000, it takes him all day to count it," says Dan. "With the dough some of these bums have been dragging down, it's no wonder they have to take six months off."

## Andy Kerr To End Duties With Raiders

Hamilton, N. Y., Nov. 16 (AP)—Andy Kerr, veteran Colgate football coach, will guide the Red Raiders for the last time Thanksgiving Day, when they meet Brown at Providence.

The 68-year-old mentor, who has spent 18 of his 32 coaching years at Colgate, will retire from the staff June 30, because of his age, the university announced yesterday. His successor has not been named. Today, Kerr seeks his 13th victory in 17 games with Syracuse.

For the 20th time, he will coach the East's entry in the annual New Year's Day East-West shrine game in San Francisco.

Kerr, an exponent of the double wing-back formation and the lateral pass, began in 1914, as an assistant at Pittsburgh, and became Pop Warner's freshman coach there the following year. Later he coached several years at W. & J. His Colgate teams in 17 seasons won 91 games, lost 46 and tied seven. This year the Raiders have won two of six.

## RAY WINS WITH SPLIT DECISION

New York, Nov. 16 (AP)—Of all the heavyweights in the world today, Champion Joe Louis is probably the least excited over the decision Elmer (Violent) Ray pinned on Jersey Joe Walcott.

The fight in Madison Square Garden last night figured to provide the challenger Louis is going to take on in a heavyweight defense next summer.

Elmer came through before 17,413 customers who chipped in to a fancy pot of \$97,309. This one was close with two of the three officials splitting on their ballots and the third giving it five-rounds-and-five, and giving Ray the "Duke" on the slim edge of one point—9 to 8—which, incidentally, is what they paid off on.

The Associated Press score card gave it to Ray on his let's-walk-in-and-wallopp style, five rounds to three, with two even.

The general impression is that if either of them has designs on the Brown Bomber's bauble, he'd better show up equipped with tommy gun and flask vest.

Ray, 191½ pounds, who hails from Hastings, Fla., and Minneapolis, has a string of 48 straight wins up to and including last night's lapping. Elmer staggered Jersey Joe 191½, once during the proceedings, and won four of the five rounds from the third through the eighth.

## Fights Last Night

(By The Associated Press)  
New York—Elmer "Violent" Ray, 191½, Minneapolis, outpointed Jersey Joe Walcott, 191½, Camden, N. J., 10.

Waterbury, Conn.—Willie Pep, 128, Hartford, knocked out Tomas Beato, 127, Santo Domingo, 2, (non-title).  
Chicago—Willie Joyce, 138½, Gary, Ind., outpointed Nick Castiglione, 142, Chicago, 10.

Minneapolis—Jackie Graves, 128½, Austin, Minn., knocked out Billy Bates, 127, Pittsburgh, 1.  
Baltimore—Howard Bennett, 156, Baltimore, outpointed Solly Zalter, 161, Montreal, 8.

## Arrest 15 To End Incendiary Fires

DuBois, Pa., Nov. 16 (AP)—A wave of incendiarism that cost \$100,000 in property damage in the DuBois area is believed to be ended, state police Lieutenant Frank Garrow reported last night, with the arrest of two men and 13 boys.

Garrow reported the men and boys operated in three groups but were acquainted. He identified the men as Leon G. Lebeune, 24, Sandy township, and Charles Zillico, 21, and stated both pleaded guilty to arson charges before Justice of the Peace Harry Carns. The juveniles were released in parents' custody pending court action.

The police officials said the youths admitted setting the \$5,000 fire which damaged the DuBois community bandshell and the blaze which did \$10,000 damage to a lumber storage barn on the John E. DuBois estate.

## Church Merger Is Sealed At Johnstown

Johnstown, Pa., Nov. 16 (AP)—A century and a half of planning by two closely added religious groups resulted today in the merger of the Evangelical and United Brethren in Christ churches, as the Evangelical United Brethren church.

The merged church is the tenth largest in the United States with a membership of 714,000, and missionary representation on every continent. The former Evangelical church had 260,000 members in 30 states while the United Brethren in Christ had 454,000 in 36 states.

First proposed early in the 19th century, the union was sealed this morning in colorful ceremonies at Christ church here.

## 4 Games Listed In County Loop Monday

Games scheduled for the opening night next Monday in the Adams County Independent Basketball league are as follows:

At Arendtsville—Plaza-Sweets vs. American Legion, 7:30 p. m.; Fairfield vs. Arendtsville, 8:45 p. m.; Biglerville—Sepia Stars vs. Ernie's Texas Lunch, 7:30 p. m.; Greenmount vs. Biglerville, 8:45.

A meeting of league officials will be held Tuesday evening at 7:30 o'clock at the fine engine house to determine several adjustments and possible change of sites for following games.

## HAR SINAI 11 TRIPS CANNERS

Roger Herr's Biglerville high reserves went down to a 19-6 defeat Friday night at Biglerville at the hands of the Har Sinai Religious school, of Baltimore.

The victors tabbed a touchdown in the first period when Plant plunged over. Krause converted on the try for the extra point.

Biglerville came back in the second quarter to score on a 20-yard pass, Grimm to Breighner, with the latter lateralling to Rose who tallied. Rose's plunge for the extra point failed.

In the third period Franklin scored on a short line buck for the Marylands and in the last period Zentz swept around end to cross the goal line.

The game was well-played throughout. The Canners were outweighed by a considerable margin.

### CHAMP TO FIGHT

New York, Nov. 16 (AP)—World light-heavyweight champion Gus Lesnevich will make the first United States defense of his crown in five years February 28 when he meets Billy Fox, the Philadelphia flat-tener, in Madison Square Garden. The Cliffside Park, N. J., champ and the Quaker City negro who has piled up 41 straight knockouts in his professional career were signed yesterday to tangle February 21 in the garden.

## Ice Follies Open At Hershey December 10

Hershey, Pa., Nov. 16—The original, and what is regarded as the finest Shipstads and Johnson Ice Follies of 1947 are coming to the Hershey Sports Arena for a twelve-day engagement, beginning Tuesday, December 10, and continuing through Saturday, December 21. The evening performances will be given at 8:15 o'clock, and there will be two matinees on December 14 and 21 at 2:15 p. m.

This is the eleventh annual edition of the Ice Follies with a cast of 167 and 41 top blade artists. In producing the new Ice Follies, the Shipstads and Johnson have combined the experience of more than a decade of presenting ice extravaganzas. The three men, Roy and Eddie Shipstad and Oscar Johnson are unanimous that this edition surpasses all ten of its predecessors.

## DEADLOCK OVER TRIESTE MAY BE NEAR SOLUTION

By JOHN M. HIGHTOWER

New York, Nov. 16 (AP)—Several concessions by Soviet Foreign Minister V. M. Molotov prompted Big Four diplomats today to make guarded assertions that the Foreign Ministers Council was at the point of breaking its months old deadlock over Trieste.

In a three-hour informal debate among the Big Four Foreign Ministers last night, Molotov showed signs, according to persons in the meeting, of making a serious effort to meet American, British and French insistence on putting Trieste under control of the United Nations Security Council.

Secretary of State James F. Byrnes and British Foreign Minister Bevin declared repeatedly that only by having a police force independent of the locally elected government could the United Nations be sure of protecting the independence of Trieste and the rights of its two nationalities—Italian and Yugoslav.

Police Force Issue.  
Byrnes declared the whole issue—which is the great block in the way of an Italian peace treaty—is the question of who is to hire and fire the police force.

Molotov, responding to proposals by Deputy French Foreign Minister Maurice Couve de Murville, agreed: 1. That the proposed governor of Trieste—a direct agent of the Security Council—should have the right to appoint the police chief upon the recommendation of the local council of government.

2. That he had no objection to having the police chief direct the recruiting of the police force.  
3. That the governor should have a veto over administrative as well as legislative actions of the local government—another way of recognizing that he should have actual supreme power.

## Letter to the Editor

Dear Sir:  
What do you think?  
Can you picture America sending money, churches sending missionaries over the seas to help humanity and right here at home town an old 85-year-old man out in the cold. He admits he don't know where to go or what to do, wanted to work and yet not capable to. We all know there are homes and places for sure. Surely an old 85-year-old man dirty and lousy sent out in the cold needs help, winter cold and sleet and no place in America for him. Where is our charity. It touched me and I hope it will many other. Clean him up, put him in the warm, somewhere, the few days or months he has to live.  
A cup of cold water given to one of His will put a star in anyone's crown who is willing to help this poor old man, some mother's boy. Thank you.

A CITIZEN.

### CASH IN SNOW BANK

Grand Island, Neb., (AP) — Policemen Earl Roseberry and Roland Scott don't believe the adage that no one ever does anything about the weather.

They used a blow torch to melt snow drifts in a street.  
They explained a small wagon used to collect coins from parking meters had struck a bump and spilled coins into the snow drifts. They melted the snow to facilitate the search for the coins.

## This Morning Was Coldest This Fall

Adams countians rose shivering this morning with temperatures dropping to the lowest point so far this fall.

An unofficial low of 12 degrees was reported near Gettysburg while readings of up to 25 degrees were reported in other sections.

The thermometer at the Gettysburg Water Works recorded 21 degrees at 7 o'clock this morning while the minimum temperature thermometer of Dr. Henry Stewart, local weather observer, recorded 25 degrees. A number of farmers reported readings of 22 or lower this morning.

## RESCUE PARTY IS BLOCKED BY SNOW AND COLD

Burbank, Calif., Nov. 16 (AP)—A search party fighting deep snow and almost impassable terrain sought a new approach today up 6,233-foot White Mountain to reach a Western Air lines plane which crashed Wednesday with 11 persons aboard.

The airliner, after its pilots made numerous flights over the scene, said it concluded all were killed.

Wreckage was found at about 5,800 feet, just below a saddle between White Mountain and adjacent peaks. White Mountain is some 30 airline miles, nearly 50 by ground, northwest of Lockheed Air terminal here. It is about 12 miles south of Gorman and four miles west of the Ridge route, Los Angeles-San Francisco Inland highway.

Nearly 50 sheriff's deputies, ranchers, mountaineers, reporters and photographers were halted last night by knee-deep snow, freezing temperature and terrain so rugged and brush-filled that at some points deputies chopped their way through the growth.

From the air only parts of the tail and a propeller of the plane could be seen. Wings, fuselage and, presumably, victims' bodies were buried in snow.

## Coordination Of Agencies Urged

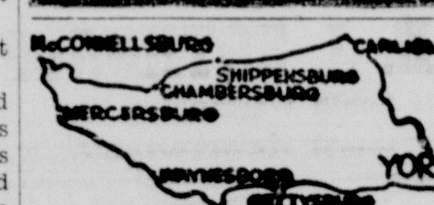

Harrisburg, Nov. 16 (AP)—Coordination of the services of state agencies dealing with children and young people with that of community organizations is proposed by the Pennsylvania Federation of Women's clubs.

The federation's youth conservation group made the proposal yesterday in a recommendation to be joint state government commission submitted to the general assembly's calling for the establishment of a state council for children and youth and county youth counselors.

Mrs. R. S. Saby of Gettysburg, presided at the meeting.

The Gettysburg Times

**TEN YEARS AGO**  
**New Policeman Takes Up Duties:** Lloyd Wisler, Hanover street, chosen as a member of the Gettysburg borough police force at a special meeting of town council on Friday evening, reported for duty Monday evening at 8 o'clock. Other officers for the town are Daniel J. Wolff and Charles W. Culp, Jr.

**"Tiger House" Is First Big Play:** The Peter Pan players of Biglerville high school will open the fall season with the presentation of "Tiger House," Thursday and Friday, November 19 and 20.

**Kuykendall-Mickey:** Miss Carrie L. Mickey and Frank C. Kuykendall, both of Gettysburg, were married Saturday afternoon in Westminster, Maryland, at the Church of God parsonage. The ring ceremony was performed by the pastor, the Rev. Harry C. Gonso. The newly-weds were accompanied by Raymond Plank and Miss Lola Kuykendall.

**Stoner-Darling:** Word has been received here of the marriage of Miss Alice Virginia Darling, of Dahlgren, Virginia, to Donald W. Stoner, son of Mr. and Mrs. C. A. Stoner, Baltimore street. The marriage took place in Washington, D. C., on Friday, October 23.

**"Safety First," Fairfield Play:** The athletic association of Fairfield high school will present a comedy entitled "Safety First" on Friday and Saturday, November 20 and 21. R. B. Hoover is directing the production.

**Wins Automobile:** Glenn Fair, Bendersville, won the automobile awarded by the local post of the American Legion, Wednesday evening. The winner had two tickets. This is the first year the automobile was won by a person with more than one ticket.

**Begins Naval Training:** Thomas Tawney, Jr., son of Mr. and Mrs. Thomas Tawney, West Middle street, who enlisted in the United States Navy some time ago, has gone to Newport, Rhode Island, where he will enter training for three months.

**Will Teach School:** Miss Mary Stock, daughter of Mr. and Mrs. Charles W. Stock, Baltimore street, has accepted a position as instructor in secretarial subjects at the Marjorie Webster school in Washington, D. C.

**Rev. G. H. Berkheimer and Miss Regina Oyer Wed:** Miss Regina M. Oyer, daughter of Mr. and Mrs. William L. Oyer, of Arendtsville, and the Rev. George H. Berkheimer, son of Mrs. Charles F. Slothour, of Abbottstown, were united in marriage at 7 o'clock Friday evening at the home of the bride's parents in the presence of members of the immediate families. The Rev. Paul Gladfelter, of Abbottstown, who performed the ceremony, used the single ring ceremony of the Lutheran church.

For the last two years the bride has been instructor of music in the Arendtsville schools.

The Rev. Mr. Berkheimer has been pastor of the Arendtsville Lutheran church since graduating from the Lutheran theological seminary in 1935.

**Miss McKay to Leave Hospital:** November 20: Miss Martha McKay submitted her resignation as superintendent of the Annie M. Warner hospital to the monthly meeting of the board of directors at the nurses' home Friday evening, which was accepted "with genuine regret."

Miss Sarah Clark, who has been assistant to Miss McKay, was elected as acting superintendent.

**Prof. J. F. Slaybaugh in York Hospital:** Professor J. Floyd Slaybaugh, superintendent of Adams county public schools, has been admitted to the West Side Sanitarium at York, where he will submit to an appendicitis operation.

**200 Firemen At Services For Deceased:** More than 200 persons crowded firemen's hall at Bonneau-

## Today's Talk

**RESEARCH**  
This is a day of research. The more we learn and know, the more we are stimulated to go on and learn more. We owe all our progress and increased length of life to those who have pioneered in research. Discoverers, inventors, and men of science, have continually opened up new worlds for us to conquer.

In the short space of a dozen years a One World has been opened up before our eyes—because of those who never tired in the work of research—step by step, the telephone, telegraph, radio, moving picture, aeroplane, automobile, radar, and endless others. Man's restless desire to discover and reveal—and getting a thrill out of it as well.

Researchers are at work, long and late, seeking out the secrets that will make life upon this earth a longer span, and a happier one. The conquerors of cancer, rheumatism, fever, polio, arthritis, and many other stubborn puzzles of the body, await these long researches into the mysteries of Nature. One by one, however, in time, the happy solution will undoubtedly appear. The motto of the human being seems to be: Never say die—always go on!

Better to be the conqueror of any one of these strange enemies of mankind than to gain the military control of all the earth! Nothing could possibly be compared to such a spiritual triumph, clothing the physical victory. These heroes of mankind will be loved and remembered, long after every name of the world's military conquerors has been forgotten.

Not a single dollar, or a single minute of time, is wasted that is devoted to valuable research. Every great business institution today has its research department, and it is the most important department of all. Great as have been the results of research the past quarter of a century, research is still in its infancy. We talk and read about the atomic age. Is it yet to be reached? A dozen years from now—if we are wise—we will look upon the results of research along these lines, with amazement. Who can guess the tomorrow of atomic energy, turned into the avenues of usefulness?

I can think of no more useful a life than that one devoted to research—a life given over to benefit all mankind.

## Just Folks

**GRATEFUL SMILES**  
These the prettiest sights I've seen:  
Smiles once more where pain has been;  
The light of joy in loved ones' eyes.  
Occasioned by some glad surprise.

In all the world no sight so fair  
As that of one relieved of care  
Or children, dancing up and down,  
O'er some new plaything brought from town.

Majestic mountains capped with snow,  
Blue seas and ships that come and go  
And autumn's landscapes glorious are,  
But grateful smiles are lovelier far.

**Santa Claus Is Coming to Gettysburg** November 27: Gettysburg and Adams county merchants in co-operation with The Gettysburg Times will bring Santa Claus to Gettysburg November 27th at 7:30 o'clock to officially open the 1936 Christmas season.

First of all there is going to be a great big parade through the main streets of Gettysburg. Santa Claus will head the parade, accompanied by band music, decorated automobiles and many Xmas floats.

The parade will also mark the official "turning-on" of the Christmas street decorations and Christmas lights in Gettysburg.

**Personal Mention:** Mrs. Roy W. Gifford and Mrs. Paul Singmaster have returned from a visit in Johnstown.

Mrs. Edgar Crouse has returned to her home in Harrisburg after having been the guest of Mrs. Cora E. Berkey, West Broadway, for several days.

Mrs. Kate M. Horner has returned to the home of Mr. and Mrs. Hugh Scott, Knoxlyn, after spending the summer months in Shippensburg. Miss Blanche Horner, a nurse at Haines House, Alaska, is visiting with Mrs. William A. Bigham, East High street.

Mr. and Mrs. Levi J. Diehl, Hanover street, and Erle Diehl, of Hanover, have returned from Fort Meade, South Dakota, where they spent several months.

Dr. C. G. Crist and son, Eddie were in New York city Saturday to attend the Army-Notre Dame football game.

Mr. and Mrs. Howard Musselman, Orrtanna, announce the birth of a daughter at the Annie M. Warner hospital Sunday.

# Riding with Russell

REG. U.S. PAT. OFF.  
by **FREDERICK C. RUSSELL**  
Member S.C.E.

A driver's position at the wheel isn't half so important as his disposition.

**Doubtful Of Touch System**  
Can you tell the difference between a temperature of 160 degrees and 200?

If so, you are a wizard at touch and you won't need a thermometer to prove that the motor heat indicator is faulty. Water is extremely hot at 150 degrees, and you probably won't notice much more pain if you stick your finger into water that is nearer boiling. At some service stations they use a special thermometer for testing cooling systems that appear to be overheated. There is too much margin for error to trust to anyone's sense of temperature as indicated by touch.

**Let's Get Started**  
If cold weather has overtaken your best intentions to have the motor tuned up for winter just remember that a few little tricks will go a long way toward helping you overcome the engine's reluctance to start. Patience is the best rule here. If the battery seems to be groaning just stop cranking and wait awhile. Any battery will recover a bit if left to itself. The pause will also let the cylinders clear if the engine has been overcooked.

If the sun is out and the garage is cold you'll get a better start if you can roll the car outdoors and let it stand awhile. Many an engine that won't start at 9 a. m. will go off easily enough at 11.

It always helps to wipe off the top of the spark plugs, the coil and the distributor cap. That removes moisture from condensation.

If pumping on the accelerator pedal has failed to aid starting be sure not to pump any further as you crank again. Better use the hand control of the throttle. Keep the clutch pedal down. Don't have lights, car heater or radio on.

**Toward Better Service**  
Some interesting and desirable tools are coming into the motor picture. One is a special puller for reluctant valves. It is designed on the lever principle and is a midget version of the old-fashioned well. You press down on the long end of the lever and up comes a sticky valve at the other end, the fulcrum resting on the cylinder block.

Another unusual tool is used for resetting intake and exhaust valves. It replaces the distributor on one particular make of car and serves to indicate when the cam heel is at exactly the right point for making the settings.

Mechanic Joe Speaking  
"Whenever I hear anyone speak

of a timing chain stretching I know he is not really familiar with chains. In use a chain does increase in length, but this is due to wear in the pins and not to actual stretching of the metal. When there is such elongation of the chain, valve action is sure to go late. It may be slight but it will be noticeable in engine performance. And in lengthening there is always the chance that the chain will jump a tooth or two.

"Some chains have an automatic adjustment to take up the wear. Others have a manual adjustment. Still others have no adjustment at all. Better get the lowdown on what the situation is in your car."

**Trouble in the Making**  
You'd never suspect that the low tension ignition wire from coil to distributor could cause trouble but I find that I will need to replace the upper car heater hose because of what that little wire did to it. The two were touching; that meant chafing. The wire, insulated as it was, has cut a deep groove in the hose.

In the future I'm making sure that parts do not touch each other in this way. Tire tape is handy for keeping them apart.

**Oddities in Oiling**  
Anyone who doubts that the automobile still is an interesting gadget should take a look at the oiling systems of modern engines. Here there are surprises in wholesale lots. On one car the oil pump screen is

equipped with a little by-pass valve so that if the screen clogs to a point where pump suction might cause it to collapse the by-pass valve opens and nothing serious happens.

On another job the oil filter is built into the oil pan. This is an effective arrangement, and reasonably efficient. But if such a car is upset in a collision it is important to have the pan dropped and the engine manually cleaned out before using the motor. The trapped-out dirt and sediment will get into the oil again as a result of the upset.

**Curved Hosing Now**  
If you are contemplating a job of replacing cooling system hosing be sure to consider the curved hosing which is now available. It will save a lot of trimming and cutting, and will last longer in a spot where straight hosing would not curve gracefully. Also you need fewer clamps with hosing that is the right shape. One of the newest of the curved hoses has a three-ply wrap. It is reinforced with a coil of steel wire for protection against collapse if the pump offers strong suction.

One reason why electric fuel pumps have not been adopted by passenger car builders is that they push better than they pull. For that reason they should be placed as near the gas tank as possible. In a passenger car this isn't too practical. But electric pumps are gaining in popularity.

When installing a new leather cup in the acceleration pump of the carburetor it is well to soak it in castor oil first. It will then swell to a better fit.

In replacing wiring harness on your car you will find the job much easier if you do not start in by yanking off the old wires. Cut them off near their terminals. Then when you start in with the new harness you can identify each lead by the color on the insulation, replacing each of the cut wires one by one.

**Too Little Clearance**  
Just what happens when valve tappet clearances are not sufficient is not always clear even to those who have been raised on automobiles. They usually have a clear picture of (Please Turn to Page 5)

## Red Cross

(Continued from Page 1)

evacuation of persons and personal property; rescue and first aid; medical, nursing and hospital care, food, shelter, clothing, transportation of disaster sufferers and supplies and equipment; relief communication facilities; welfare inquiries; surveys of family needs and a careful rehabilitation program, committees are given explicit instruction on their duties "when disaster strikes."

"Discussing 'possible disaster hazards' in Adams county, the Red Cross booklet states: 'Gettysburg has many frame buildings. In a thickly populated section, there is a great fire hazard resulting from old buildings built together solidly. The second and third floors of these buildings are apartments that are individually heated with wood, coal or oil stoves. There is danger of a possible disaster resulting from accidents of oil trucks since Gettysburg is an intersection of four truck highways. Adams county is on the edge of the path of windstorms.'"

### Use Nurses' Aides

On the subcommittee on disaster survey, Postmaster Lawrence Oyler and Luther Sachs serve with chairman Winebrenner. The committee is charged with determining the scope of the disaster, the places where immediate relief is needed and the type of relief required. Key persons as "notifiers of disaster" have been designated as follows: Rodger Keffer, Littlestown; LeRoy Sheads, Fairfield; and B. G. Walter, Biglerville.

Serving with Doctor Wolff on the medical aid committee are Dr. R. D. Wickerham, Mrs. Henry M. Scharf, Mrs. Mary Kepner and Miss Mildred Eden. Also assigned to this committee are 12 trained nurses and 18 Red Cross nurses' aides. Mrs. R. W. Livingston is the New Oxford sub-chairman on the committee. Schools and churches near the scene of the disaster will be designated as first aid centers.

### To Call On Firemen

All of the volunteer firemen in the county form a part of the committee on rescue, headed by Doctor Mountain.

The food committee, charged with requisitioning, preparing and serving food for disaster sufferers and collecting and dispensing donated food, includes in addition to Mrs. Kaltreider: Mrs. George W. Bochner, Mrs. R. S. Saby and Miss Mildred L. Adams, all of Gettysburg; and Mrs. Frank Hewetson, Biglerville. Local food chairmen are: Mrs. Sam Musselman, Fairfield; Mrs. Stephen Weaver, Littlestown; Mrs. Margaret Belz, McSherrystown; Mrs. Elsie Livingstone, New Oxford; Mrs. E. M. Gruver, East Berlin; Mrs. E. E. Nell, York Springs; Mrs. Robert Shaffer, Biglerville; Mrs. L. H. Keller, Bendersville; Mrs. Emma Rexroth, Arendtsville; and Mrs. Charles Kuhn, Cashtown.

Assisting Mrs. Brown as clothing chairman is Mrs. Clyde B. Stover.

### Housing Provisions

Serving on the shelter committee with Mrs. Eberhart are Paul Spangler, Gettysburg R. D.; John Hewitt, Mrs. L. C. Keefe and C. Arthur Brame. The committee has estimated that in the event of a major disaster, approximately 1,000 persons can be cared for by relatives and friends. Public shelters will be located at the state armory, Gettysburg college, the parochial school hall and in county schools and churches.

Mr. Epley will have Charles A. Smith, bus company manager; Carl S. Menchey, National garage manager, and Mrs. Glenn L. Bream, Red Cross Motor Corps chairman, on his transportation and communication committee. Additional members on communication are Paul G. Pensinger of the Gettysburg Times; the United Telephone chief operator, and Mrs. C. T. Ziegler.

### Other Committees

The registration and information committee headed by Mrs. Bowen includes: Mrs. P. J. McGlynn, Biglerville; Mrs. Verna Myers, Gettysburg; Mrs. Rosalie Raffensperger, Arendtsville; Miss Mildred Hartzell, Mrs. William Tyson, Dr. L. C. Keefe and Mrs. Effa Chapman, all of Gettysburg. Teachers of local schools also will be used on this committee. Welfare inquiries will be handled by Mrs. Myers, Mrs. Raffensperger, Dr. and Mrs. J. R. Riden of Littlestown, Mrs. R. W. Livingston of New Oxford and Mrs. Tyson. The interviewing will be conducted by Mrs. Albert Bachman, Mrs. C. E. Bilheimer, Mrs. J. C. Donley and Mrs. S. B. Johnston. The registration centers will be set up at Red Cross headquarters and in school buildings.

The personnel of the fund raising and public information committee includes in addition to Chairman Roy: Hugh C. McIlhenny, Henry M. Scharf, Robert M. Lewis, Henry T. Bream, A. Harrison Barr and Sydney J. Poppay. The churches of the community and civic and fraternal organizations will also assist this committee.

### Burgess Thanks Red Cross

The purchase and supply committee headed by George A. Bender includes Ralph Guise, Clifford Naugle and Mares Sherman. The committee will have the responsibility of purchasing general relief supplies and will arrange for their warehousing and handling. Food, drug and clothing wholesalers in the county will work with this committee.

Burgess C. A. Heiges, in a letter which is included in the Red Cross preparedness booklet, expresses his appreciation to the Red Cross for the thoroughness of its preparations for disaster here and pledges "every facility of the town" in meeting such an emergency.

## East Berlin

East Berlin—Merl R. Shetter, of the state motor police, Pittsburgh, spent the week-end with his parents, Mr. and Mrs. George L. Shetter, who had an additional guest another son, Harold, formerly of the navy, now continuing his studies at West Chester State Teachers' college.

Mrs. Sadie Darone had as guests this week her son-in-law and daughter, Mr. and Mrs. Luther D. March, York. Mrs. March is the former Miss Audrey T. Darone. Her husband is also a former local resident, being a son of Mr. and Mrs. Harry J. March.

Mr. and Mrs. Cleason E. Smith had as recent guests their daughter Mrs. Fred V. Baker, with her husband and their sons, Mickey and Billy, Rahway, N. J.

Mr. and Mrs. Augustine J. Tierney entertained Hanover relatives at their home on Sunday.

The annual senior play of the local high school was presented at the auditorium of the school Friday evening. It was entitled "Full of Youth." The cast included: Peggy Ann Moul, Wayne Thomas, Delores L. Gochenour, Nancy J. Morris, Betty Lau, Helena Young, Ervin Hamme, Ruthetta Porry, Lorraine Leib, Gloria Spangler, Eugene Gruver, Marlin Chronister, Carolyn Grim and Warren Schimmel.

Beverly, daughter of Mr. and Mrs. Lewis Jacobs, has been ill at her home. She is a pupil at the borough school.

Wayne, son of Mr. and Mrs. Glenn Himes, near Holtzschwamm church, was the winner of the recent "Child Personality Contest," sponsored by a York photographic studio.

J. Harry Haar, father of Mrs. Mervin Yohe, R. 2, is reported quite ill at the home of his son, Paul Haar, near Dillsburg.

Mrs. Raymond H. Fissel is reported recovering from a recent illness.

Mr. and Mrs. Jacob Hollinger had as guests this week their son-in-law and daughter, Mr. and Mrs. William Fissel, York.

Mrs. Lyle Creekmore has been confined to bed by illness.

Mr. and Mrs. Harold Hostetter, Hanover, were recent visitors in this section.

Members of the senior class of the local high school had photos taken for the yearbook at a York studio this week. They traveled to York by school bus with Elmer M. Gruver, principal, at the wheel.

Mrs. J. R. MacDonald, Harrisburg, and Miss Ella Haeffer, Lancaster, were entertained this week at the home of Mr. and Mrs. Conrad F. Bless, Jr.

The Women's Missionary society of Trinity Lutheran church will conduct its annual Thank Offering service Sunday evening with Mrs. William Menges, Spring Grove, as guest speaker, and music by choirs from the First Lutheran church, New Oxford, and St. Matthew's Lutheran church, Hanover.

Janet, young daughter of Mr. and Mrs. John Altland, recently spent a few days with her paternal grandmother in York.

A meeting of Trinity Lutheran congregation will take place Sunday, November 24, to elect church council members and commission the Visitation Committee. These persons have been nominated: Elder: Charles L. Gentzler, Verne Y. Brandt, Robert Jacobs, Claude W. Wrights and Raymond J. Jacobs; deacon, Raymond H. Fissel, Harry Roland, Norman Wolf, Paul Lerew, Jr., George W. Jacobs and Herbert Myers.

Mr. and Mrs. Robert Sealover, who have been residing with her parents, Mr. and Mrs. W. Carroll Volland, plan to move to the Locust street property now occupied by the Harry Roland family. The Rolands will move to the Abbottstown street house he recently bought at public sale from Mrs. Obed E. Kreider, Philadelphia, formerly of here. The house had been tenanted by Mr. and Mrs. John Bechtel and sons.

The Rev. and Mrs. Richard Hill, returned missionaries to South America, have been invited to address the congregation of Holtzschwamm Church on Sunday, November 24, at 10:30 a. m. when a Thank Offering service will be conducted.

## To Arraign Youth In Mother's Death

Seranton, Pa., Nov. 16 (AP)—Detective Captain Edward J. Kelly said Girard Farley, 18, would be arraigned later today on a charge of murdering his 50-year-old widowed mother with a pinch bar while she slept.

Kelly said the youth, who was recently discharged from the navy, said in a signed statement that he was overcome by "an impulse" when he heard his mother, Mrs. Mary Farley, snoring in bed.

Kelly said Police became suspicious of the youth after a dog in the Farley house failed to bark despite screams by Mrs. Farley, indicating her assailant was known to the dog.

Earlier, the youth told police he found his mother dead on her bedroom floor under a chest of drawers when he returned home late Thursday night. When confronted by statements from neighbors that the dog did not bark during the assault the youth admitted the slaying, the detective captain said.

## LICHTENWALTER IN HOUSE RACE

By MARTIN BRACKBILL  
Harrisburg, Nov. 16 (AP)—Rep. Franklin H. Lichtenwalter of Lehigh county, boomed by his friends for speaker of the 1947 state House of Representatives, announced Friday he is a candidate for the top post in the House.

Lichtenwalter, who worked closely with Governor-Elect James H. Duff in the 1945 Legislature for enactment of the GOP administration's program on stream clearance and conservation, also said he has been assured of the support of many party leaders and members of the House.

His announcement came as Rep. Ira T. Fiss, of Snyder county, speaker for the last two regular sessions of the General Assembly, maintained silence on whether he will try to break the 155-year-old precedent against more than two terms in the post.

Lichtenwalter was first elected to the House from Lehigh county in 1939 and served as Republican leader in the lower branch in the last two sessions. He was widely praised by his GOP colleagues at the end of the 1945 session for his handling of the administration program in face of a party division of 109-99.

The new speaker will be elected when the new Legislature convenes January 7, but with Republicans numbering 171 to 37 Democrats the real choice will be with the GOP caucus which will meet sometime in December.

## CARNEGIE ASKS HELP OF PUBLIC

Pittsburgh, Nov. 16 (AP)—The world famous Philanthropic Carnegie institute today laid plans for collecting a measure of philanthropy itself on the plan that no millionaires are available these days with extra cash, and income from investments has dwindled 50 per cent.

William Frew, president of the big, imposing institute in smoke-begrimed Oakland, said decreasing interest rates on the Andrew Carnegie endowment of \$8,000,000 made it necessary to appeal for public support.

The time is imminent when our own funds will not be adequate," he declared. "We feel the institute is now an established institution and should receive support from the community." He added an official appeal will be made early next year.

Frew explained that when steelman Carnegie founded the institute—composed of a fine arts department, museum and library—with a huge endowment in 1896, he made it impossible for trustees to use the principal in administration.

The institute already has cut off financing field expeditions for the museum and Frew intimated some of the institute's art exhibitions were threatened.

Philosophy, Nov. 16 (AP)—Paul H. Webber, a used car dealer in Rehoboth, Berks county, has been named a defendant in a suit filed by the OPA in U. S. District court, alleging Webber overcharged 11 customers. The triple damage suit, filed yesterday, also asks the court to enjoin the auto dealer from continuing to violate price ceilings. The OPA alleges the \$1,515 overcharge occurred between January 5 and June 8.

HAD ENOUGH  
New York, (AP)—A Columbia university assistant librarian has threatened to quit. The reason: frogs.

For the past two weeks the university's psychology library has been invaded by croakers, apparently escaped from the zoology laboratory on the floor above.

DISRESPECTFUL GADGET

That was three weeks ago. Yesterday the mayor sheepishly turned in the first violation ticket to City Clerk Grant Smith and dug into his pocket for a \$1 fine.

## Riding With Russel

(Continued from Page Four)  
elongation of valve stems, due to heat and expansion, but the results of this action from there on are still a bit on the vague side. For one thing burned gas is trapped in the cylinders because the exhaust valves do not fully close. The in-going mixture is leaned by this lagging gas and there is a general tendency toward mixture mixup. Temperatures also are raised. The net result is waste of fuel and reduced power, not to mention a good chance of burning the valves themselves.

What's Your Motor Problem?  
Q. Will you kindly advise me the correct number of turns on the adjusting screws for idling and high speed on my car's carburetor? H. R. A.

As with most carburetors there is no high speed adjustment. Turn the screw clockwise to lean the idling mixture; counter-clockwise to enrich. The usual plan is to get the engine normally warm, then enrich until it starts to roll and threaten to stall. Then screw the adjustment toward lean until the engine is running fastest. You may need to enrich it a little to take care of performance needs.

Q. In spite of everything the brakes on my car fail to show front brake equalization when on a testing machine. On the road the car stops perfectly. G. H. B.

A. How about the tires? Are the treads of the front tires good mates, or is one worn smooth or an unusual pattern? Pressures, too, should be equal.

Q. I am obliged to drive my car long distances where the temperatures are extremely high. While I have not as yet been caught on the road with overheating, the temperature gauge shows a high reading. Ignition is timed well toward advance. I do not use an excessively lean mixture. F. S. M.

A. In a case like this it would be well to clean out carbon A little carbon under such conditions will cause a temperature rise.

Q. Will you kindly tell me why the engine of my car continues to run without ignition for a few turns after switching it off? This never happens when the engine is cold, but the engine does not actually overheat. Does this indicate incorrect ignition? F. L. N.

A. Here again carbon is the cause. Hot particles glow and thus ignite the ingoing gas.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern street, Hartford, Conn., and enclose stamped, self-addressed envelope for a personal reply.

## WOULD EXPAND PA. GAME LAND

Harrisburg, Nov. 16 (AP)—A 700,000-acre expansion of state game lands was projected today by the Pennsylvania Game Commission on the eve of the 50th anniversary of its founding.

President Ross L. Leffler said land purchases and other acquisitions are expected to bring the land under commission control for wildlife and refuge purposes to more than 1,500,000 acres. The agency now owns approximately 833,000 acres.

Embodying a postwar budget of \$6,000,000, the expansion program will emphasize development of the cooperative farm game program, enlargement of present propagation projects and expansion of field research units.

Hunting and fishing are Pennsylvania's most popular outdoor sports.

Leffler said, adding the state now stands second in the nation in the number of licenses issued yearly.

Leffler said the commission, which began in 1895 with an appropriation of only \$800, today has annual revenue of more than \$1,700,000. To encourage the preservation and increase of game in the state, the commission has established four game farms at a cost of \$557,402, and has live-trapped and redistributed thousands of rabbits, pheasants and other wildlife.

PLEAS FOR MORE SCHOOL AID UP TO LEGISLATURE

Harrisburg, Nov. 16 (AP)—Plans for greatly increased state aid for public schools will face the 1947 Legislature when it convenes in January.

The Pennsylvania State Education Association, an organization of teachers, will be asked at its convention here December 26-28 to back a state-wide teacher salary minimum of \$2,400 instead of the \$1,400 a year floor established by the 1945 Legislature.

In addition, the legislative committee of the PSEA recommended a boost in school subsidies per pupil unit from \$1,800, the present maximum, to \$2,600 and the minimum from \$600 to \$900 in the 1947-49 biennium which starts next June 1. The Pennsylvania State School Directors Association already is on record for an increase in the maximum subsidy to \$2,200 "in order that school boards may be protected from financial distress and increased taxation."

**Wage Proposals**  
The 1945 Legislature appropriated \$125,000,000 for state grants for teachers' salaries in the current two years after Governor Martin originally recommended an allocation of only \$103,000,000.

The boost was necessary to provide funds for increased teacher salaries, the mandatory minimum for all teachers being raised from \$1,000 to \$1,400 a year. And the change from the teacher to the pupil ratio in the method of calculating school subsidies.

The PSEA legislative committee, headed by Paul S. Christman, also proposed that teachers with five or more years of teaching experience be guaranteed increases at the rate of \$175 for each five years of service, providing that no such advance exceed \$600 or the maximum salary for the position.

New Oxford

New Oxford.—The choir of the First Lutheran church has been invited to participate in the annual Thank Offering service to be conducted Sunday evening at Trinity Lutheran church, East Berlin, in charge of the Women's Missionary society of that church.

Miss Anna Catherine Alwine, a student nurse at the University of Pennsylvania hospital, Philadelphia, spent the week-end at the home of her parents, Mr. and Mrs. Percy E. Alwine.

The Misses Mary Lou Markel and Janet L. Dutta, a sophomore and a freshman, respectively, at the State Teachers' college, Indiana, Pa., spent the week-end at the homes of their parents, Mr. and Mrs. A. P. Markel and Mr. and Mrs. Joseph Dutta.

Mr. and Mrs. Oscar Gruver and daughters, Nancy and Sandra, formerly of this section, who have been residing with her mother, Mrs. George Zortman, Abbottstown, have gone to housekeeping in the former J. A. Kinneman property at that place.

The local Lions club met Wednesday evening at the Cross Keys diner near town when their guest speaker was Oscar H. Benson, Gettysburg, an active worker for Scout and 4-H club interests.

Mrs. Henry Haar, near here, was a recent guest of her relatives, the Allen E. Jacobs family, Spring Grove. Mrs. Haar was accompanied by her daughter, Mrs. Allen W. Kelly, East Berlin, formerly of here.

Mr. and Mrs. John Sherman had as week-end guests their son, William, and family, Mechanicsburg. During their stay, Bonnie Louise, daughter of Mr. and Mrs. William Sherman, was baptized at the First Lutheran church by the Rev. George E. Sheffer, pastor.

York Springs

York Springs.—Karen, two-year-old daughter of Mrs. Harry Whitcomb, is recovering from an illness.

Mr. and Mrs. Quincy W. Hershey recently entertained in honor of their daughter, Mrs. Guillermo Barriga, and her two-year-old daughter, Barbara, who observed birthdays within the same week. Lt. and Mrs. Barriga and Barbara have been at the Hershey home during the lieutenant's leave from the Colombian navy. They had lived in Colombia, South America, for the past year and a half.

Suellen, daughter of Mr. and Mrs. Roy Fagan, Harrisburg, has returned after a visit to her grandmother, Mrs. Rosa Bream.

"Oh Promise Me," a play presented by the seniors of the local high school, took place at the local Community Hall on Wednesday and Thursday evenings with this cast: Lynn Potts, Dale Reinecker, Robert Miller, Ethel Guise, Mildred Miller, Ruth Lory, Jeanne Brame, Anna Priest, Viola Myers, Betty Hoffman, Donald Lehman and Lorene Leet.

Mrs. Francis Gable entertained the local WCTU chapter during the week at her home.

The newly organized Bible Study group of the local Methodist church is expected to meet each Wednesday evening at 7:45 throughout the winter at the home of the Rev. Orville F. Warner, minister. The Rev. Mr. Warner has announced that new members are welcome provided they intend to take the studies seriously.

There are now more than 26,000 diamond cutters widely scattered throughout the world.

Chapter 26

The silence in the car was restful, both of them exhausted from lack of sleep. Conrad wanted to get home before it was broken, before the old bitterness touched between them. Suddenly a reflection glittered across his windshield, behind them Werfel's car turned into the long stretch of highway. He knew Werfel followed him through the village after lunch, apparently he kept his car in the woods close enough to spy on the house. In town it was like a nightmare the way Werfel managed to keep close to him. The shuffle of his maneuvering feet reached his ears above all the bustling city noises; he caught himself waiting on street corners for the captain. A certain humor tided him over the first nasty jolt until resentment forced him taut and watchful to a degree that was almost spiritual pain. Gradually Werfel became the watched instead of the watching.

As he speeded through the village he felt Franz stir, caught his guarded sidelong glance.

"You can let me out at the church," Glita Neumann lived in the first street beyond the church.

"I'll drive you to Fraulein Neumann's," said Conrad dryly, "the General might shoot you if he sees you walking in that direction."

Franz grinned a little: "He's to be there." As he got out Conrad said suddenly:

"Do you mind if I come in with you . . . for a few minutes?" Then he laughed outright at the look on his face. "Must I confess I admire your taste in women!"

"Glita will be pleased," he said quietly; the gladness in his eyes was touching.

She was pleased, her pleasure almost hid her astonishment. Conrad felt her look, like the flash of a string of emeralds before his eyes. Because of it the General's cool, suspicious welcome only amused him as he turned to Glita.

"I can only stay a few minutes." "But you must have at least one cup of tea." She drew him over to the fireplace, the others were across the room deep in guarded conversation. As she poured he said:

"I need that tea, we've both been running around the city since lunch time." Abruptly she stopped pouring and looked at him, her lips parted as a strange stupefied expression filled her face. Then with shaking hands she set everything down on the tray and almost groped for a cigarette. Quickly he was beside her lighting it.

"What is it?" he murmured. "Forgive me . . . it's nothing." He lifted the half-filled teacup to let her recover poise. Suddenly her laugh startled him almost to dropping the cup.

Von Beck glanced over inquisitively: "Now what amuses her so much?" But Conrad saw the tears in her eyes were not from amusement—what significance could she possibly read into his words? Quickly he drank his tea then stood up.

"I really must leave . . . I only came to ask you to visit Stephanie soon, she's becoming a little hermit."

Her eyes were grateful: "I'd like to see her again." The simplicity won him. "I'll see you to the door."

"I'll be late," called Franz as they went out. She closed the door, then he felt her arm at his elbow propelling him across the hall to a tiny library. Again she closed the door leaning against it.

"Your Captain Dana got out this afternoon," she said quietly. He stared at her. "He fell over my feet at the lake . . . I thought he was Franz—until now."

"I must go." "Wait!" she said. Dazed, he watched her take some closely written sheets from her desk drawer.

"These," holding them out to him, "are names and addresses and notes that I've filched from Paul now and then . . . Yes, filched! . . ." she repeated looking him squarely in his eyes. "Now you might need them to protect Franz, he doesn't belong to Paul's rotten Nazi underground. I doubt if he knows many of these names."

He tried to thank her, his words stumbling in his dry mouth. Then he took her by the shoulders. "You and I—and others are not of their breed. We'll fight them now because we didn't do it before."

Tremulously she smiled: "I knew you'd understand, now you must go."

When Conrad entered the house the silence jolted him—he expected Siegmund and Joseph to greet him in turmoil over Dana's escape. Upstairs he crossed to the hall. Siegmund stood up, book in hand.

Joseph is with Madame Stelner," he said soberly. "She fell while skiing." Conrad stood numb—nothing about Niel! Quickly he turned away. Joseph sat by her bed in the

dusky light. In silence he crossed the room, bent over to feel her pulse . . . a weak fluttering thing—but it was there.

"Stephanie . . . Stephanie, do you hear her!" He saw the pale gleam as her eyes half opened then her fingers tightened on his. "Don't try to speak, darling," he said gently, but her lips continued to move so he bent down close to catch what she was trying to say . . . Snow, she wanted to know if it was snowing. He shook his head. "Not yet."

A little smile touched her lips. As her eyes closed he shut off the light but kept her hand in his. Then he looked in Joseph's eyes . . . what he saw made his heart beat faster.

"Tell me everything, Joseph!" Tremulously Joseph told him everything. "She wants snow to cover his tracks . . . but he's in his room waiting for you. I brought back his suitcase and his keys."

Chapter 27

Conrad thought of Werfel. Gently he slid her hands under the covers and avoiding Joseph's eyes went to the window. The snow was greenish pale, the gathering shadows not dark enough to hide those tracks. At the end of the garden he saw a blurred figure bent close to the ground . . . was it a trick of his imagination. Then the man walked swiftly, eyes on the ground. It was Werfel walking through the trees till he was lost in the gloom. Conrad felt the revolver in his pocket; as he turned Joseph was staring over his shoulder through the window. Their eyes met.

"If anyone phones or Franz comes, say I'm in my room sleeping."

Outside, it was lighter than he imagined, perhaps his desire for darkness made it seem lighter. As he walked in the confusion of footsteps there came from far away the long drawn wail of a train—surely snow would fall any minute. Cautiously he followed Werfel's trail, vaguely conscious of the other tracks; his mind on Werfel nosing the scent. It would be all there in the snow like handwriting and Werfel would fit the pieces. . . . Stephanie, Freya, Dana and Joseph. Silently, almost like a ghost he passed under the snow laden trees.

He came on Werfel so suddenly there was no time to draw back. The man was squatted examining the snow but he jockeyed to his feet as Conrad stepped out from the trees. He saw the eyes widen in sudden terror, then he pressed the trigger. He stood motionless looking at the huddle on the snow—a sparrow twittered nearby. Could this quiet calm within him be a consequence of murder.

He searched Werfel's pockets keeping the car key and a tiny notebook—some of the names in the notebook were on the list Glita gave him. Then he pulled the body close to a snowbank and scooped the snow down over it. Now the sun vanished, leaving a purple haze over the snow and the sky directly above him was luminous, the first flakes of the approaching snow melted on his face.

In no time he found Werfel's car and he drove back over the highway which cut the woods higher on the slope, speeding to Freya, surer of himself than he had ever been before.

A faint light glimmered along the edges of the blinds in Freya's library so he tapped on the window . . . another tap, then Freya's face, then darkness again. Noiselessly she came out closing the door behind her, trying to smile away her alarm.

"Niel got away!" Tears came in spite of her smile. He held her by the shoulders.

"He's back. He met Stephanie in the woods, she was ill . . . he thought she was dying so he brought her back."

"How like him!" Her voice broke. ". . . And Stephanie . . . ?" "She'll be all right. But Niel must escape tonight while Von Beck is there and I need your help."

Thank God For Muscle-Rub!

Writes Mr. Robert Jordan, Colon, Mich.

Advises every sufferer from Rheumatic—Arthritic—Sciatic—Neuritic Pains to try Muscle-Rub.

Here is the true story of a man who took treatments, used all kinds of remedies for his sciatic, neuritic pains with- out being helped in the slightest degree. Mr. Robert Jordan of Colon, Mich., suffered agony from pains in his hip—knee—all of legs. The pain at times was so bad that he couldn't sit down. He tried several different treatments, many different medicines, all of which did him no good. He couldn't work. Life was misery for him.

Then one day he saw an advertisement of Muscle-Rub—the doctor's prescription—and in desperation bought a bottle. He used it as directed and in 3 days the pains were relieved and Mr. Jordan was back on the job. No wonder he advises every rheumatic sufferer to try Muscle-Rub for fast pain relief. Get a bottle today at HENNER'S CUP RITE STORE. Remember Muscle-Rub is sold on this money back guarantee. If only half a bottle doesn't bring relief your druggist is authorized to return your money.

"Anything . . . you know—" "Of course. I'm leaving that car," he pointed, "here's the key. At 9:25 you must be by our stable; at 9:30 Joseph pulls the switch—our toaster occasionally blows the fuse—and Dana will get out the side door. But he'll head for the front driveway so if you start a minute before 9:30 you'll be in the front driveway as he reaches it. Then speed to the American military police in Munich. This car is faster than Von Beck's and you have the advantage."

"I'll set my watch by yours." She looked up at him soberly: "I'm so proud of you for helping him." He smiled strangely.

"He deserves help. Done this way Von Beck is compromised, so watch your timing. Now get your skills . . . time is short."

As she knelt to fasten one harness he felt her warm breath on his hands and he thought it a good omen that she never questioned Dana's chances of getting out the door without being shot.

After sending Siegmund off duty for the night Conrad went to Niel. When he pressed the switch Niel didn't move in his chair near the fireplace. He put a hand on his shoulder.

"Is she dead?" His voice was dead-ly toneless.

"She's sleeping." "I don't believe you. It's my fault really. I should never have stopped her like that." With a quick movement Conrad jerked him to his feet, steadying him by the shoulders until his eyes lost their stupor. "Yeah," he mumbled, "sure . . . she's okay." His Americanism sounded strangely sane and virile in Conrad's ears.

"So the Yankee comes out in you, eh?"

"Why not, Cindra, my mother, is a Yankee and a damn good one." He swore again . . . "Once I wanted to marry Freya, isn't that a laugh—my own aunt!"

Conrad thought, he's taking it hard. Niel's eyes flashed antagonistically at him.

"And Stephanie married to a guy like Franz! You should have looked after her better than that, Conrad."

"Yes," answered Conrad quietly, "I should have . . . I—" He broke off, stopped by the look on Niel's face. Everything he felt for Stephanie was there and his eyes held with a steady, proud defiance. Conrad held out his hand: "I'll leave that to you to rectify."

"I want to see her."

Conrad left them alone. Niel stared down at her; but for the fact that he was leaving tonight he would never have wakened her. He sat on the edge of the bed and drew his fingers lightly across her cheek.

"Stephanie . . . Stephanie . . ." he said gently. The pale grey of her eyes glimmered under the black lashes, then her eyes were open full of recognition. Again it struck him how easily she knew him from Franz. The same instant they heard a car turn in the driveway. A wild feeling of despair took hold of him, ahead of him. Conrad was knocking on the door. He raised her head from the pillow and kissed her until he felt her reserve break, felt her hand at the back of his head.

Conrad burst into the room: "Come quickly!"

Lee Bowman and Marguerite Chapman co-star in the romantic leads, supported by Edgar Buchanan, George Macready, Lee Patrick, Jonathan Hale and J. Edward Bromberg.

Walter Brennan, who plays a featured role in "Nobody Lives Forever."

**"Nobody Lives Forever,"** a Warner Brothers drama starring John Garfield and Geraldine Fitzgerald and featuring an able supporting cast that includes Walter Brennan, Faye Emerson, George Coulouris and George Tobias, opens Friday at the Majestic theatre. The film story, produced by Robert Buckner, deals with a discharged veteran who runs into an unexpected snag when he attempts to reassert himself in his chosen profession—the racket.

Directed by Jean Negulesco, "Nobody Lives Forever" is an original screen play written by W. R. Burnett, remembered for his "Little Caesar" and "Scarface."

**'Jeffersonian' Is Derailed In Ohio**  
Newark, Ohio, Nov. 16 (AP)—Traffic was normal today after five cars and the engine of the Pennsylvania railroad's passenger train, the Jeffersonian, were derailed in the downtown section. No one was injured.

Cause of the derailment was not determined, railroad officials reported. The mishap occurred last night around 10:30 when the coal tender overturned.

Eastbound from St. Louis to New York, the train ran through a switch at the south Six street overpass. Coal from the spilled tender poured to the road beneath the tracks, damaging the automobile of Robert Livingston who was uninjured. Traffic was delayed about two hours, but no trains were rerouted, the line's Pittsburgh office said.

## BIG 5 STUDY BRITISH PLAN TO CURB VETO

By JOHN A. PARRIS, JR.  
Lake Success, N. Y., Nov. 16 (AP)—Individual members of the Big Five studied today a British plan aimed at softening the use of the veto in the United Nations Security Council after eliminating small nation efforts to eliminate or modify the veto power.

The plan was submitted to the major powers by British Foreign Secretary Ernest Bevin as a basis for Big Five consultations on the veto, which authoritative sources said probably would begin Monday.

As a result of agreement among the Big Five last night to hold consultations, France was expected to propose today that the general assembly's 51-nation Political and Security committee suspend the hot veto debate while the Big Five meet to try to agree on a formula that will satisfy their opponents.

**Would Limit Veto**  
Although full details of the British plan were being kept secret, authoritative sources disclosed it made these suggestions:

1. The possibility of limiting the veto for use, only when the negative-voting country's "own vital interests" were concerned. If used under such a system, the British proposed that the country applying the veto explain to the Security Council her "vital interests" in the matter.

2. That abstention from voting should not be considered a veto. Under the present Security Council rules an abstention by one of the Big Five is considered a negative vote, and thus a veto.

3. That the Council should be more of a mediation and conciliation board, making every attempt to nip disputes by direct settlement and thus lessen the opportunity of using the veto.

**U. S. To Back Britain**  
Deane more clearly exactly what is not a dispute.

The United States was expected to support Britain on these points in the consultations. The U. S. has repeatedly expressed the hope that the Big Five would exercise more restraint in use of the veto, although it is opposed to any change of the United Nations charter at this time.

Both the United States and Russia warned yesterday that any change of the charter would wreck the United Nations.

**It's NATURAL To Want The Best**

That's why our Vitamin D Milk contains only Vitex® NATURAL Vitamin D. It's the original tasteless Vitamin D from NATURAL fish liver sources—the kind that has built strong bones and sound teeth for generations. Today there are all kinds of synthetic products—there's even synthetic Vitamin D.

But only milk containing 400 U.S. units of Vitex NATURAL Vitamin D per quart has been proved by actual scientific test to help reduce tooth decay.

Our milk not only contains 400 U.S. units of NATURAL Vitamin D per quart, but it's homogenized, too—for extra rich-tasting, creamy flavor. You'll really enjoy it.
